

HARRY WEST LTD CASE STUDY

The Project

Harry West Ltd is a manufacturer of agricultural farm machinery who fell victim to the wrath of the Health and Safety Executive (HSE) when they made an unannounced factory visit. The HSE concluded that Harry West needed to address some of the Product Safety and CE Marking requirements. With the help of MAS-WM and Business Link, Wemtech was able to take Harry West through the conformity process on three of their core machines.

Harry West Ltd Contact Details:

Ms J West – Managing Director

Harry West (Prees) Ltd,
Lower Heath,
Prees,
Whitchurch,
Shropshire,
SY13 2BT

Tel: 01948 840465

Website: <http://www.harrywest.co.uk>

The process took place over a six month period where Wemtech conducted most of the work on the first machine with the support from Harry West for the technical data. Harry West carried out the third machine compliance in full with the support from Wemtech to monitor the process and audit the work.

The Result

All three machines are now CE compliant and there have been no more visits by the HSE. The CE Marking Association and Wemtech have completed approximately 200 projects for MAS nationally and we welcome your calls to discuss any queries on product compliance. Please contact us on 01527 595066.
